Buy a QIAcuity Four or Eight plate dPCR system, get an EZ2 Connect for Free!

(~$62K savings) Limited to orders placed via ECAT

QIAcuity Four or Eight Plate - Digital PCR System

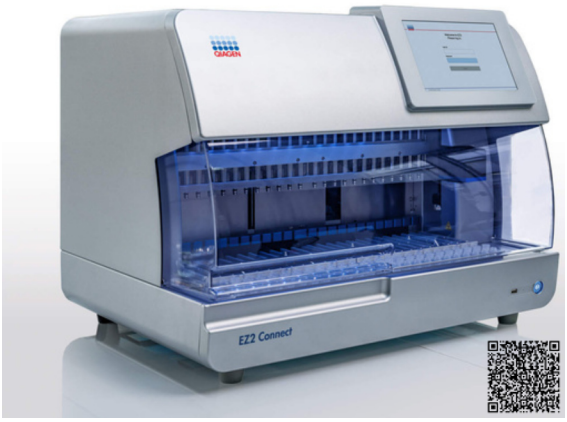

Cat# 911045 QIAcuity Four PLT-FUL-1 or Cat# 911055 QIAcuity Eight PLT-FUL-1: includes instrument, installation & training, annual PM + 1 year service contract. Can include up to 5 years of service upfront.

- Process up to 96 samples without manual intervention in under 2 hours
- Flexible sample throughput with 4 plate types available
- Plates are SBS format, automation friendly out of the box
- Advanced multiplexing capabilities (up to 12 plex)
- GMP enabling software no additional charge
- Budget friendly! Industry-leading per sample running cost

EZ2Connect - Nucleic Acid Extraction

Cat# 9003254 EZ2Connect SYS-PRV-1: includes instrument, installation & training + annual PM.

- Hands-off automation: Pre-filled cartridges and walkaway protocols reduce hands-on time and user error
- Process from 1 to 24 samples at a time
- Extracts DNA/RNA from a wide range of materials – blood, tissues, swabs, FFPE, and more.
- Fast turnaround: Delivers high-quality nucleic acids in as little as 20 minutes.
- Barcode tracking and connectivity support GLP/GMP labs and LIMS integration.
- Small footprint with intuitive touchscreen interface for easy operation.
